A NEW EDITION DE LUXE OF

THACKERAY'S

COMPLETE WORKS.

Limited to 1000 Numbered Copies.

Unquestionably the handsomest edition of Thackeray's writings, the nearest approach to the best ideals of perfection in bookmaking ever attempted in this country.

The type is from a new font especially cast for it, and never used for any other purpose.

The paper, also especially made for it, combines the qualities of excellence in finish and in the materials used with a lightness of weight that prevents the volume from being uncomfortably heavy to hold and read.

The illustrations, a distinguishing feature on account of the great variety and excellence, consist of 210 woodcuts, mainly from drawings of the author, and reproductions from the drawings of Delais, Barnard, and Luke Fildes, together with 10 etched portraits, twenty original etchings, together with the famous etchings by George Cruikshank, over twenty-five in number, and many photogravures from scenes referred to.

All of these illustrations will be proof impressions on Imperial Japanese paper, especially imported for this work.

The set will be completed in 30 volumes, at the rate of about two volumes per month.

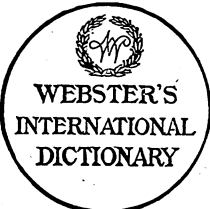

Price, bound in vellum cloth, gilt tops, uncut, \$5.50 per vol.

Issued by subscription only, and no orders except for complete sets. Prospectus with specimen, showing type, page, paper, etc., with specimen illustration, mailed free on application.

Caution!—Cheap books called "Webster's Big Dictionary," "Webster's Encyclopedic Dictionary," etc., are being advertised. The body of these from A to Z is printed from plates made by photographing the antiquated 1847 edition. The authentic "Unabridged" (still copyrighted) and new "International" both bear the imprint of G. & C. MERRIAM & CO., Publishers, Springfield, Mass., U. S. A.

AMERICAN WOOD STAINING WORKS.

SYSTÈME AUFFERMANN.

AUFFERMANN & CO.,

211 EAST 42d STREET, NEW YORK.

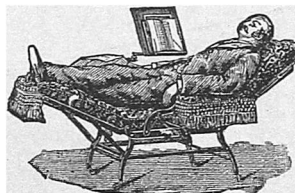

Imitations of Mahogany, Oak, Cherry, Cedar, Modern Fancy Colored Veneers, Plain and Figured, Stained Consoles, Mouldings, Boards for Parquet and Inlaid Work, Etc.

BLACK VENEERS AND BOARDS STAINED THROUGH AND THROUGH.

A NOVELTY in draperies is a silk and wool damask, rich in quality, and composed of two fabrics, a soft silk laid over heavy silk and wool canvas weave. The two materials are separate cloths, and are united only at the selvage edge and in the design of scattered figures, in which the silk and canvas are reversed; canvas figures appear on the silk ground and vice versa. These goods are shown in seven different colorings in a design which shows a large conventionalized fleur-de-lis on a plain ground. The heavy weight of the material and the oddity of its weave, which makes a curtain and its lining all in one piece, makes it peculiarly adapted for use in handsome draperies.

Ceiling in Fire-Proof Stereo Relief.

A Dado in Fire-Proof Stereo Relief.

Wall Filling, Dado and Frieze in Fire-Proof Stereo Relief.

The Stereo Relief Decorative Composition.

THE Stereo Composition can be moulded into an infinite variety of artistic forms, in pure white or in tints, and can be gilded, silvered or bronzed, thus readily reproducing or duplicating any desired design furnished by architects or decorators. This substance contains no oil, white lead, or other inflammable material, and is absolutely *fire-proof and sanitary*. It is not affected by contact with water or by any sudden change of temperature.

Its expense is less than that of any other artistic decoration, and it fully equals the best in beauty, while it surpasses all others in the essentials of **Strength, Lightness, Adhesiveness and Non-Inflammability**.

It is admirably adapted for the decoration of churches, theatres, public halls, hotels, restaurants and private residences; and, as a substitute for paint, paper, frescoing, kalsomining or other hard finish, it is infinitely more economical—quality and durability being considered.

Stereo Relief Friezes, Dadoes, Panels, Etc.

The Company has always on hand a large and elegant assortment of friezes, wall fillings, borders, panels, dadoes, rosettes, etc., etc., in relief, manufactured from its Stereo Composition. This material is far superior to *papier-maché*, or plaster; is light, but strong and substantial, and admits of the application of any desired style of ornamentation. These decorations, embracing entirely new designs, are made in very high, as well as low relief, and are readily and safely handled.

Your attention is especially asked to the fact that our work is complete before it is sent out from our factory, and can be put up by any workman in the decorative trade, thus enabling our patrons who are at a distance to render perfect satisfaction to their customers.

The high relief in which this new composition can be produced forms one of its prominent features, an elevation of six or eight inches being as readily shown as one of half an inch. And, as the material is cast in flexible moulds, a perfect under-cut—that great desideratum of artistic relief work—is obtained with ease. In representations of heads and figures, a life-like resemblance is effected; and architectural details are also followed with a similar fidelity; while in fruits, vines and flowers, the grace, beauty and *pose* of nature are retained, and the stiffness and preciseness of stamped work, such as the Lincrusta-Walton or *papier-maché*, are avoided.

In conclusion, we claim that there is a great public need of productions such as ours, and we believe that, in our new material, we have reached the desired point of perfection.

Pre-eminent in all elements of decoration, and its development and practicability established beyond peradventure, we most respectfully ask your co-operation in the ultimate establishment of the Stereo Relief Decorations as a *leader* for all kinds of wall and ceiling ornamentation.

We invite correspondence, and, having no fear of competition, shall be glad to furnish estimates promptly. Personal inspection of our work is solicited, as well as a visit to our factory and salesroom.

To the Publishers of

"The Decorator and Furnisher",

Gentlemen:-

We think it only fair to you to state that we have found "The Decorator and Furnisher" to be the best medium for advertising our business amongst the many journals in which we have advertised for some time past. The returns and inquiries received in reply to our advertisement in your journal were more than the returns from our advertisements in all the other journals put together. An effect so gratifying as this ought to be made known to you, and you are at liberty to make any use of this letter that you think proper.

Very truly yours,
